

**Blanca Salgado (Co-Chair)**

Dow Water and Process Solutions

Global Large Projects Technical Coordinator

Email: [bsalgado@dow.com](mailto:bsalgado@dow.com)

Eng. Salgado is currently technical service and development specialist for Dow Water and Process Solutions. With a background in chemical engineering, applied chemistry and process engineering, and holding an MBA, she has more than ten years of experience in desalination and water treatment, from complementary perspectives: technical, commercial, research and development. She has spent her professional life in different locations (including Tarragona, Madrid and Beijing), and is currently based in Paris, France.
